

## Booking Information

Situated in the shade of the Santa Catalina Mountains in northern Tucson, Arizona, Miraval is not a typical hotel – it is all-inclusive destination. “All-inclusive” means you don’t have to open your wallet again (unless you choose to splurge on extras at the lounge, boutique or some of the once-in-a-lifetime activities or spa treatments). Your package includes your deluxe room, three fantastically delicious and healthy meals plus snacks and non-alcoholic drinks daily, an array of dynamic led by renowned wellbeing specialists, airport transfers and more.

One of the best things about Miraval is that it can be any kind of experience you want to make it: wellness, fitness, therapeutic, pampering, relaxation, education, or spiritual retreat. There is something for everyone and you have the choice to do a little or a lot!

You have the option of booking a 3-night package with or without a \$100 per person/per night resort credit. You can apply the resort credit (a total of \$300 for 3 nights) toward any fee-based experience such as spa services, private sessions and classes and activities that have fees.
